### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ken Hoffmeister on 05/26/06.

The application has been amended as follows:

**Claim 15:** replace "The process of Claim 14 further including" with - -The memory medium of Claim 14 wherein the process further includes- -

**Claim 16:** replace "The process of Claim 14 further including" with - -The memory medium of Claim 14 wherein the process further includes- -

2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose the use of a memory medium used in an apparatus for training animals having software programmed thereon to provide for controlling the stimulation applied to the animal by the process of receiving electronic signals, determining whether stimulation is to be generated, generating a first control signal corresponding to the stimulation level code and outputting the control signal having a voltage corresponding to the stimulation code. The prior art also fails to disclose a memory medium in an apparatus for training an animal embodying a programming for executing the method steps of receiving a signal requesting a stimulation level code, interpreting the code, setting a state for each of a set of outputs determined by the code and generating a stimulation control signal based on the state for each of the outputs wherein the control signal has a voltage corresponding to the voltage of stimulation to be applied to the animal.
